

(Washington, D.C.) Congressman Tim Ryan today issued the following statement on the death of Ohio Representative Paul Gillmor:

“I am saddened by the death of my colleague Congressman Paul Gillmor, and I offer my condolences to his wife and children. Paul gave forty years of his life to public service as an Ohio State Senator and a United States Congressman.

“I also knew Paul as a great fan of the Ohio State Buckeyes. The two of us were always talking about football and shared a deep love of the game. He served both his state and the country well and for that he will long be remembered.”
